

## Overzicht besproken artikelen Refereerbijeenkomsten Acute Zorg

d.d. 9-1-2017

### 2017

Artikel titel + tijdschrift
Effects of a general practitioner cooperative co-located with an emergency department on patient throughput. World J Emerg Med 2016. Veelen et al.

### 2016

Artikel titel + tijdschrift
Exploring the characteristics of high-performing hospitals that influence trauma triage and transfer. J Trauma Acute Care Surg 2015. Gagliardi et al.
A nursing intervention to reduce prehospital delay in acute coronary syndrome; a randomized clinical trial. J Cardiovasc Nurs 2006. Dracup et al.
Development of key performance indicators for prehospital emergency care. EMJ 2016. Murphy et al.
Prevalence and predictors of hospital prealerting in acute stroke: a mixed methods study. EMJ 2016. Sheppard et al.
Risk stratification and rapid geriatric screening in an emergency department – a quasi-randomised controlled trial. BMC Geriatrics 2014. Foo et al.
Solo emergency care by a physician assistant versus an ambulance nurse: a cross-sectional document study. SJTREM 2016. Bloemhoff et al.
Model to predict inpatient mortality from information gathered at presentation to an emergency department: The Triage Information Mortality Model (TIMM). Em Med Australia 2015. Teubner et al.
Tree-based algorithm for prehospital triage of polytrauma patients. Injury 2016. Follin et al.

### 2015

Artikel titel + tijdschrift
Establishing a standard for assessing the appropriateness of trauma team activation: a retrospective evaluation of two outcome measures. EMJ 2014. Bressan et al.
Update of the trauma risk adjustment model of the TraumaRegister DGU: the Revised Injury Severity Classification, version II. Crit Care 2014. Lefering et al.
GPs' experiences with out-of-hours GP cooperatives: A survey study from the Netherlands. Er J Gen Practice 2014. Smits et al.
Prehospital Troponin T Testing in the Diagnosis and Triage of Patients With Suspected Acute Myocardial Infarction. Am J Cardiol 2011. Sørensen et al.
A Randomized Trial on Subject Tolerance and the Adverse Effects Associated With Higher- versus Lower-Flow Oxygen Through a Standard Nasal Cannula. Ann Emerg Med. 2015. Brainard et al.
S-TriaGE: Self referral Triage by the General practitioner cooperation and the Emergency department. Onderzoeksrapport ter voorbereiding op publicatie.
Antiemetic Use for Nausea and Vomiting in Adult Emergency Department Patients: Randomized Controlled Trial Comparing Ondansetron, Metoclopramide, and Placebo. Ann Emerg Med. 2014. Egerton-Warburton et al.

### 2014

Artikel titel + tijdschrift
Recalled pain scores are not reliable after acute trauma. Injury, Int. J. Care Injured 43 (2012) 1029–1032
Off-hour presentation and outcomes in patients with acute myocardial infarction: systematic review and meta-analysis. BMJ 2014.
Biomarkers and molecular analysis to improve bloodstream infection diagnostics in an emergency care unit. Plos One 2014;9(1)
Improvind the design and operation of an integrated emergency post using simulation. Borgman. 2014
Rationale and design of the Post-MI FREEE trial: A randomized evaluation of first-dollar drug coverage for post-myocardial infarction secondary preventive therapies. American Heart Journal, 2008. Choudhry et al.
Self-referring patients at the emergency department: appropriateness of ED use and motives for self-referral. International Journal of Emergency Medicine, 2014. van der Linden et al.
The value of the clinical impression in recognizing and treating sepsis patients in the emergency department. European Journal of Emergency Medicine 2012, 19:373–378.
A multiple imputation model for imputating missing physiologic data in het national trauma data bank. J Am Coll Surg 2009; 209: 572-579.
Adherence to guidelines and protocols in the prehospital and emergency care setting: A systematic review. Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine 2013, 21 (1)

### 2013

<b>Artikel titel + tijdschrift</b>
Estimating the number of stroke patients eligible for thrombolytic treatment if delay could be avoided. B. Boode et al. Cerebrovasc Dis 2007;23:294-298.
Predictors of Moderate or severe pain 6 months after orthopaedic surgery: a prospective cohort study. J Orthop Trauma 2009;23:139-44
Bayesian assessment of overtriage and undertriage at a level I trauma centr. Phil Trans R Soc A 2008; 366:2265-77
Rivaroxaban versus warfarin in nonvalvular atrial fibrillation NEJM 2011;365:883-91
Outcomes of patients using a tiered trauma response protocol. J Trauma 2001;50:908-13.
A prospective cost analysis following operative treatment of unstable ankle fractures. Acta Orthop Scand 2004;75(1):100-5
Development and validation of the revised injury severity classification score for severely injured patients Eur J Trauma Emerg Surg 2009;35:437-47
A simulation-based approach for improving utilization of thrombolysis in acute brain infarction. Med Care 2013
Epidemiologic study to assess patient involvement in choice of adjuvant chemotherapy for breast cancer (PROSA Study). Clin Transl Oncol (2009) 11:221-227
Ketamine-Propofol Combination (Ketofol) Versus Propofol Alone for Emergency Department Procedural Sedation and Analgesia: A Randomized Double-Blind Trial. Ann Emerg Med. 2012;59:504-512
